IPVC 2020 WENT VIRTUAL

IPVC 2020 – 33rd International Papillomavirus Conference & Basic Science, Clinical and Public Health Workshops took place between 20-24 July and for the **first time** was held as an **entirely virtual** event.

Overall, the balance between the combination of pre-recorded presentations and live sessions, virtual exhibition and a compact interactive online Virtual Platform allowed a successful dissemination of science and interaction between delegates online at the IPVC20 Virtual Conference.

The IPVC 2020 virtual platform was available from the first day of the Conference, and 3 months after.

The virtual platform is now closed but IPVS members can still access the on demand conference sessions.

Please click [here](#) to become a new member or [here](#) to renew your membership.

The meeting was a great success, close to **1,500 attendees** from **90 countries**, with over took part in this highly informative meeting.

Kenes is committed to being a valuable and knowledgeable partner in the design and delivery of educationally strong, independent, transparent, and effective CME/CPD programs. Kenes is a proud member of the Good CME Practice Group (gCMEp), a member organisation contributing to improving health outcomes by:

- Championing best practice in CME
- Maintaining and improving standards
- Mentoring and educating
- Working in collaboration with critical stakeholders

For more information, visit: www.gcmep.eu

CME Accreditation

An application will be submitted to the European Accreditation Council for Continuing Medical Education (EACCME) to provide accreditation by the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS): www.uems.eu

Industry Supported Sessions

Industry Supported Sessions slots are offered to industry as non-CME commercial/promotional sessions that are not accredited. As such supporters are free to choose their topics, invite speakers and control content, the session will be indicated in the program as organised by the Supporter. Topic and program are subject to approval by the Congress Scientific Committee.

Disclaimer

Information contained in the scientific program must comply with the applicable CME/CPD regulations. Scientific/Educational Program shall not include any commercial elements such as company names, products names, etc. Commercial information shall be kept separate and clearly differentiated from the scientific accredited content. Non educational activities may include promotional elements and shall not be accredited.□□
